An Instructor Assistant helps to facilitate a course and engages in activities including leading discussions, prepping for outings or classes, and supporting students while in the field or classroom. This will include work outside of the scheduled course hours. The student will be officially registered as an Instructor assistant (not for the course).

This is a co-curricular activity

- The activity will be included in your transcript if you successfully complete it.
- The activity cannot be counted towards satisfactory academic progress for the semester.
- The activity cannot be used as a Division III advanced educational activity.
