<b>CO-CURRICULAR COURSES AND WORKSHOPS</b>											
Co-curricular courses offer opportunities for skills development, innovation, personal growth, and experience-based learning outside of the regular curriculum of the college. These courses meet on the same schedule as academic courses, and require registration following the same procedures and deadlines. Co-curricular courses do not normally satisfy distributional or divisional requirements; however, they may form a part of a Division I or Division II portfolio, and are otherwise very important extra resources that supplement the core curriculum.											
<b>JANUARY TERM WORKSHOPS (JTW)</b>
