"[At Hampshire] broad knowledge will not come predigested...it will come as a natural consequence of exploration..."

From *The Making of a College*, by Franklin Patterson and Charles Longworth, 1965

Disoriented? Uncertain? Lost?

If at any time during orientation you are lost, uncertain of where you should be, of where your orientation group is meeting, or if you have any other questions, please visit our ORIENTATION HELP DESK.

The help desk is located in the lobby of Franklin Patterson Hall, and is staffed from Friday, August 29th through Monday, September 1st from 9 a.m. to 9 p.m. each day.

WELCOME

TO ALL 14F STUDENTS!

WE'RE GLAD YOU'RE HERE! Your journey at Hampshire begins with orientation, a time for you to learn about the college, meet new people, and settle in. The program you are about to take part in is designed to give you a sense of daily life on campus. Through performances, presentations, and a variety of activities, you will begin to experience what it means to be a part of the Hampshire community.

Orientation leaders are one of your best resources on campus. They chose to be leaders because they want to help you as you begin to establish yourself at Hampshire—take advantage of that! Remember, they are here for you.

As you participate in activities throughout the week, there may be times when you feel overwhelmed or uncertain. Keep in mind that orientation is only the beginning of your Hampshire experience. There will be many more opportunities over the course of the coming semesters for you to get involved and learn more about Hampshire. The office of new student programs will reach out to you throughout the year with information and resources to keep you aware and informed. In the meantime, ask questions, get involved, and enjoy!

**PROFESSOR CHRISTOPHER TINSON ON "THE FACT
OF CAPTIVITY: *TWELVE YEARS A SLAVE* AND THE
AFTERLIFE OF SLAVERY"**

Robert Crown Center, gymnasium

The cinematic success of *Twelve Years a Slave* has helped open up a new national conversation on race in America. However, slavery and the slave trade were global enterprises. Placing Solomon Northup's account of his experience alongside other recent popular culture depictions of slavery, this discussion will encourage thinking about how slavery and its legacy continue to define, shape, and even haunt the understanding of race, gender, and power in contemporary society. Christopher Tinson is an assistant professor of Africana Studies at Hampshire College. He locates his research and teaching at the crossroads of Africana radical traditions, ethnic studies, hip-hop culture, critical media studies, and community-based education, and has been published in the *Black Scholar*, *Journal of African American History*, *Nation*, and *Radical Teacher*, which just published his co-edited volume on Hip-Hop and Critical Pedagogy. His talk will include an audience Q&A, and will be immediately followed by a dessert reception.
